

Lírah

AUSTRALIAN VINEGAR

AUSTRALIAN
GOURMET
BALSAMICS
& VINEGARS

Our Story

Lírah is the crafters choice.

After embarking on a journey through Europe to learn the art of vinegar making, Ian made it his mission to create a product that would help Australians appreciate superior quality vinegar, and that's how Lírah was born.

The brand name represents a combination of his family's names, and indeed Lírah itself has become Ian's other child.

What started as Ian's personal journey, Lírah has grown into a collaborative effort with a team of skilled and dedicated vinegar experts. It is where we experiment, where we push the boundaries and where we make vinegars that are not for everyone, but for those who appreciate the craft of producing amazing gourmet vinegars for creative home-dining and fine-food service markets.

All of our products are 100% Australian made using only quality ingredients that are Australian grown.

We are Australia's largest specialist vinegar maker and proud to be growing in a regional area.

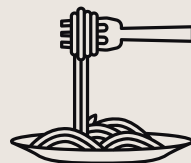

We are passionate about vinegar – it's what we do!

Our Mission

At Lírah we inspire adventurous and modern food enthusiasts to raise the bar on taste to exciting new levels by offering superior quality Australian-made artisanal vinegars with an extensive range of unique flavours.
